
Annex 1: Configurations of the Bidding zone review region “Central Europe” which are to be considered in the bidding zone review process

Bidding Zone Review Region "Central Europe"

1 October 2019

1. Contents

1. Contents.....	2
2. List of the network elements which form the Bidding Zone Borders in the Status Quo configuration.....	4

This annex depicts in detail the Bidding Zone configurations for the Bidding Zone Review Region "Central Europe" that are to be considered in the bidding zone review process in accordance with Article 14(5) of Regulation (EU) 2019/943 of the European Parliament and the Council of 5th June 2019 on the internal market for electricity (recast).

This annex presents the status quo configuration of the Central Europe Bidding Zone Review Region. The TSOs of the BZRR Central Europe have not been able to conclude on alternative configurations to be used for the bidding zone review. The reasons for this can be found in the annex of the BZRR Central Europe of the explanatory document.

Figure 1: Status quo configuration

2. List of the network elements which form the Bidding Zone Borders in the Status Quo configuration

Configuration 1 "Status Quo"
